Owners may request approval of another builder by submitting the required \$250 fee and Builder Application as stated on page 11 of the list of Forms on the Architectural Review portal.

The ACC will review the application and advise if they are approved. No contractor may submit for consideration apart from there being a request for their consideration by a lot owner.

Neither the Reflection Pointe HOA or ACC or any member of either body endorses or recommends any of the builders on the list of Featured Builders. Owners are fully responsible for vetting their builder and entering upon a contract with them.

Neither the Reflection Pointe HOA or ACC can be a party to any owner/builder contract.
